ROCHESTER’S GATEWAY TO LOCAL HEALTHCARE INFORMATION

www.rochesterhealth.com
A nonprofit community resource featuring content provided by local physicians, dentists, hospitals and allied-health professionals.
Dear Friend,

If you’re a new member of WXXI (especially if you joined during our recent radio membership campaign), let me extend a warm welcome to the WXXI family! You join more than 27,000 others who voluntarily contribute to WXXI to keep our station a strong, independent voice for the Rochester community. Listenership to our radio services, especially news and public affairs, is stronger than ever.

There’s also some good news to share about WXXI television. The most recent Nielsen ratings show that WXXI-TV viewers are the most loyal in the nation to their public television station, based on time spent viewing. That means that more people are tuning in and staying with our programming throughout the day. It’s just one measure of audience success, but an important one. Our children’s programming continues to attract a wide, diverse audience, as does drama, culture and news and public affairs in the evening.

The WXXI Center for Public Affairs is also being recognized, not just locally, but throughout the state and nation. The *NewsHour with Jim Lehrer* recently asked our own Julie Philipp to participate in a special segment on how the economic downturn was affecting different parts of the nation (Julie was one of only four local reporters taking part in the segment). Also, the 52nd Annual New York Emmy Award Nominations have been announced and *Need to Know: Response to Murder* has been nominated in the News Special Category. *Response to Murder* traced the murder of a young black male in Rochester and the impact it had on the entire community. It was a hard-hitting program that went beyond the headlines and told the story of a tragedy in our City the way only public television can.

We have a great line-up of programming this month, with some specials we’re pleased to present during our March television membership campaign. One program you won’t want to miss is *Great Performances: The Metropolitan Opera Opening Night Gala*, since it features Rochester’s own world-renowned soprano, Renée Fleming. She headlines the opening night of the Met’s 125th anniversary season, featuring excerpts from her favorite operas. Join us for Renée Fleming on *Great Performances*, Sunday, March 15 at 8 p.m. on WXXI-TV (TV 21/cable 11) and WXXI-HD (DT21.1/cable 1011).

By now I’m sure you’ve heard that the federal government extended the deadline for the digital television transition from February 17 to June 12 (as I predicted might happen in my letter last month). Although some stations have taken the option of signing off early, WXXI will continue to broadcast our analog signal until June. WXXI was awarded a contract from the Federal Communications Commission (FCC) to lead the digital education effort in our region. Being on the air, with educational messages and information, is an important part of our outreach. Remember, for any questions about the digital transition, call our toll-free help line at 866-348-9994 or visit WXXI.org/dtv.

Finally, we’re still extremely concerned about the impact of the proposed 50% reduction in State operating aid for public broadcasting that was included in the Governor’s budget. In this difficult economic environment, the loss of these dollars will have a serious and negative impact on educational programs and services. I hope you will take the time to let our local legislators know how you feel about this reduction. We’re certainly willing to do our part to help reduce the State deficit, but 50% was out of proportion to other cuts in the education budget.

In the meantime, thank you again for your membership support. It’s never been more important than now!

Best regards,

Norm Silverstein, WXXI President & CEO

TUNE IN TO WXXI-TV/HD THIS MONTH
and relive the 60s with Rock, Rhythm and Doo Wop, discover Yanni’s new talents,
remember the Beatles, and groove with the King of Blues. A great mix of musical artists is featured in this month’s television schedule, but these four featured all have Rochester shows scheduled in 2009, and WXXI is proud to have tickets to share with its members.

On Monday, March 2 at 8 p.m. Yanni’s newest PBS program, Yanni Voices: Live from the Forum in Acapulco premieres on WXXI-TV/HD. Yanni has discovered and developed four of the most exciting new voices in music today. In this new special, filmed at the new Forum at Mundo Imperial in Acapulco, Mexico, he re-interprets his classic compositions with powerful lyrics and intoxicating vocal performances by Nathan Pacheco, Chloe, Ender Thomas, and Leslie Mills. Yanni makes his way to the Blue Cross Arena on Wednesday, May 13.

Rain: A Tribute to the Beatles, premiering Wednesday, March 4 at 8 p.m. on WXXI-TV/HD, covers the Fab Four from the earliest beginnings through the psychedelic late 60s and their long-haired hippie, hard-rocking rooftop days. It’s a multi-media, multi-dimensional experience...a fusion of historical footage and hilarious television commercials from the 1960s lights up video screens, and live cameras zoom in for close-ups.

Rain: A Tribute to the Beatles comes to the Auditorium Theatre on Saturday, June 6.

sweet sounds of march

for André Rieu: Radio City Music Hall, Live In New York
on Monday, March 9 at 8 p.m.

WXXI has tickets for Rieu’s show in Syracuse at the War Memorial Arena on Oncenter on Monday, April 20.

André Rieu
and the Johann Strauss Orchestra
With his trademark Gibson “Lucille” settled on his lap, B.B. King presents a set filled with staggering guitar jams on hits like “The Thrill is Gone” and “One Kind Favor” in this Soundstage special, airing Thursday, March 12 at 8 p.m. on WXXI-TV/HD. Between songs, King’s characteristic affable persona shines through as he introduces the band he’s always toured with and shares stories from his life. Throughout the show special guests Terrence Howard, Solange, and guitarist Richie Sambora stop by to jam and pay tribute to this renowned Blues master.

B.B. King will bring down the Auditorium Theatre on Saturday, March 28.
A smart investment with fixed dividends!

A WXXI GIFT ANNUITY is very appealing if you have investments in bank CDs, bonds, stocks, or other low-yield assets. Contributing these assets to WXXI can significantly increase your income.

If you would like to make a large contribution to WXXI now, but need the income from your investments, you may find that the Charitable Gift Annuity is the perfect way to support the future of the station.

A gift annuity is a simple contract whereby, in exchange for a gift of $10,000 or more, WXXI makes quarterly payments to you for the rest of your life. If you wish, a second person such as a spouse or a sibling, also can receive lifetime quarterly payments.

For example:

Betty is 80 years old. Based on the January 2009 IRS rate, her gift of $10,000 in a charitable gift annuity has a payout rate of 8%. The Charitable Deduction is $4,161.40 and the Annual Annuity is $800 paid over four quarterly payments.

We are happy to help with questions on charitable gift annuities or other planned giving vehicles. Please call Kathy Russell Reed, Director of Major and Planned Giving at (585) 258-0319 or at kreed@wxxi.org. You can also visit our website at www.wxxi.org and use our Planned Giving Calculator to give you an idea of how a CGA could benefit you...AND WXXI!

Thanks for being a loyal viewer!

Recently released November rating results from Nielsen show that WXXI-TV viewers are the most loyal in the nation to their public television station, based on time spent viewing. The report ranked WXXI-TV number one among all PBS stations in Whole Week Gross Rating Points (GRPs) a measure of audience success, with a total of 1330.5 points. This represents a 40% increase over last year, making it one of WXXI’s best rating periods in years.

Rochester’s public broadcasting station ranked number two in primetime among its peers with a total of 401.7 points, a 44% increase over ratings in 2007. Kennedy, a feature film about the life of President John F. Kennedy, was the most watched program during the rating period with 41,000 viewers. Viewership was also strong for programs covering world affairs, such as The NewsHour and Frontline, along with continued audience support for PBS favorites such as Antiques Roadshow. WXXI-TV’s weekly in-depth news program Need to Know also increased its reach (Need to Know, which moved from Friday at 9 p.m. to Friday at 8:30 p.m., nearly doubled its audience from last year in its new timeslot).

The programming that resulted in WXXI-TV’s highest Nielsen ratings included the station’s 11½-hour block of non-violent, non-commercial children’s programming broadcast each weekday. This block features PBS’s top kids shows: Curious George, Super WHY!, Clifford the Big Red Dog, Sid the Science Kid, and Sesame Street.

“From education to public affairs, our programming is clearly striking a chord with our viewers,” said WXXI President Norm Silverstein. “What these numbers mean is that more households are tuning in, and then staying with WXXI. This is exactly what public broadcasting is supposed to do – provide engaging programs that educate, enlighten and make a difference in the community.”

The report ranking WXXI-TV’s number in Gross Rating Points was compiled by TRAC Media, a research firm serving public television, based on the independent Nielsen ratings.

So, thank you for being such a loyal viewer!

**THE METROPOLITAN OPERA OPENING NIGHT GALA STARRING RENÉE FLEMING**

Rochester native Renée Fleming, who is one of the world’s leading sopranos, headlines the opening night gala of the Met’s 125th anniversary season, featuring fully staged excerpts from three of her favorite operas: Violetta in Act II of Verdi’s *La Traviata*, Manon in Act III of Massenet’s *Manon*, and the Countess in the final scene of Strauss’ *Capriccio*. Tenor Ramon Vargas, baritones Thomas Hampson and Dwayne Croft and bass Robert Lloyd join Fleming throughout the evening. Music director James Levine and maestros Marco Armiliato and Patrick Summers share the podium for this gala event.

**THE METROPOLITAN OPERA OPENING NIGHT GALA STARRING RENÉE FLEMING**, a Great Performances Production airs Sunday, March 15 at 8 p.m. on WXXI-TV/HD

**KING LEAR**

William Shakespeare’s unrelenting tragedy *King Lear* is widely considered one of the playwright’s most enduring and haunting works for the stage. The challenge of playing its title role has been taken on by some of the greatest actors of our time — Orson Welles, Sir Laurence Olivier, Sir John Gielgud, Sir Ian Holm, and James Earl Jones, to name only a few. The play opens with Lear’s proposal to divide his kingdom among his three daughters, according to how much each can profess her love for him, spiraling forward to dramatize the king’s deception, betrayal and eventual descent into madness. In March 2007, Britain’s renowned Royal Shakespeare Company (RSC) launched a worldwide tour of the work, beginning in the Bard’s hometown of Stratford-Upon-Avon, with the production subsequently presented to great critical acclaim at New York’s Brooklyn Academy of Music. The telecast, co-directed by Sir Trevor Nunn and Chris Hunt, marks Ian McKellen’s return to the RSC after a 17-year hiatus, a welcome homecoming that has resulted in his tour-de-force performance as Lear.

**BETTY FORD: THE REAL DEAL**

This documentary profiles former First Lady BETTY FORD, her time in the White House, her advocacy for equal rights, and the substance addiction that led to the founding of the Betty Ford Center in California. The program draws from an interview with Mrs. Ford, now 89, conducted in 2002 by historian Michael Beschloss.

SPOTLIGHT ON A DAYTIME PROGRAM

Jr. Lab Ratz

Don’t miss this sneak peek at a new series where students learn just how far the reaches of science can go! The show aims to motivate teens to approach science with confidence, enthusiasm and a positive attitude, and to encourage enrollment in the STEM (Science, Technology, Engineering and Math) courses to enhance student achievement. Lead character Isaac Adams (pictured) signs on some inquisitive teenagers who can’t wait to join Science Alliance. Isaac has assured them that they will get to do some cool science experiments, as they venture into the sometime explosive world of science.

Host Julia Figueras welcomes Robert DiLutis, Professor of clarinet and woodwind chamber music at Eastman School of Music, and E-flat clarinetist with the Rochester Philharmonic Orchestra. He is also the inventor of The Reed Machine, a professional reed-making device for the clarinet.

Mr. DiLutis is a graduate of the Julliard School, and performed with the New York Philharmonic Orchestra in the historic concert from Pyongyang, North Korea in 2008. He has served on the faculties of the Baltimore School for the Arts, St. Mary's University in Texas, and Nazareth College in New York. Most recently, Mr. DiLutis has developed, and is teaching an Orchestral Audition Training Program for the Eastman School of Music. His many clinics and master classes have included Ithaca College, Hartt School of Music, Boston University, New England Conservatory, and the Longy School of Music.

Making his Carnegie Hall Recital debut in 1989, Mr. DiLutis has also performed as featured soloist with ensembles such as the San Antonio Symphony, Laredo Symphony, River City Consort and the Rochester Philharmonic.

From one of the world’s leading opera houses, the Wortham Theater in Houston, TX, we’ll hear an exciting lineup of young singers and instrumentalists who will all come together for a finale from Humperdinck’s *Hänsel and Gretel* conducted by Christopher O’Riley.

From the Saenger Auditorium in charming Mobile, Alabama on the Gulf Coast with Mobile’s Singing Children and a teenage bassoonist from Tennessee who’s passion for classical music doesn’t exactly follow family tradition.

Radio Lab, an experiential investigation that explores themes and ideas through a patchwork of people, sounds, and stories is back with all new episodes. Hosted by Jad Abumrad with co-host Robert Krulwich. Tune in SATURDAYS at 3 P.M. on AM1370/HD91.5-2.

But as scientists continue to parse the genome into smaller fragments, it turns out that maybe race, or rather ancestry does have a genetic signature. We find ourselves at the scene of a crime swamped by news reporters and fearful citizens, and visit a DNA lab where machines hiss and thump as they map out the identity of a single human.

We migrate with our ancestors across geographic and cultural boundaries, and wind up in the lunchroom of one of the country’s most diverse middle schools to talk about the rainbow of hyphenated ethnic distinctions in teenage life. Finally, we follow an Iraqi man back through his memories of the narrow divisions between Sunni and Shi’a that terrorized daily life in Baghdad.

RADIO LAB host Jad Abumrad with co-host Robert Krulwich

CHOOSE airs SATURDAY MARCH 7 at 3 P.M. Having an abundance of choices is the hallmark of freedom, but does it make you happy? We scan rows upon rows of brilliantly colored, sensuously textured fruits in an upscale market seeking the peak of gustatory delight. We jostle through the sensory overload of the ding! ding! ding! place your bets.blip clang!clang! of an Atlantic City casino, and then escape into the quiet mind of a perfectly rational man on our journey to understand how emotion and logic interact to guide us through a million decisions a day. We turn up the volume on the voices in our heads and try to make sense of the babble.

SPERM airs SATURDAY, MARCH 14 at 3 P.M. Peering through his microscope at the seeds of human life, the discoverer of sperm thought he was seeing the smallest incarnation of a human soul. If that was the case, why so many wasted souls? We turn to the animal kingdom to answer that question, which lands us on a tour of sperm battles in ducks, flying pig sperm, and promiscuous whippoorwills.

RACE airs SATURDAY, MARCH 21 at 3 P.M. At the turn of the millennium, researchers succeeded in sequencing the entirety of the human genome and our President exulted in announcing that humans, regardless of race, are more than 99.9 percent the same. But as scientists continue to parse the genome into smaller fragments, it turns out that maybe race, or rather ancestry does have a genetic signature. We find ourselves at the scene of a crime swamped by news reporters and fearful citizens, and visit a DNA lab where machines hiss and thump as they map out the identity of a single human.

We migrate with our ancestors across geographic and cultural boundaries, and wind up in the lunchroom of one of the country’s most diverse middle schools to talk about the rainbow of hyphenated ethnic distinctions in teenage life. Finally, we follow an Iraqi man back through his memories of the narrow divisions between Sunni and Shi’a that terrorized daily life in Baghdad.

TELL ME MORE

Bold, honest, engaging Tell Me More is a new interview show from NPR News. Host Michel Martin welcomes guests to a safe place for difficult conversations and invites us to listen in. From international newsmakers to everyday people, from spiritual leaders to foreign correspondents, Tell Me More strives to reveal whole stories from many, different perspectives. Please note: This program takes the place of News & Notes, which is no longer in production.

TELL ME MORE airs weekdays at 8 p.m. on AM 1370/HD91.5-2, beginning March 23

**BBC World Service**
The DTV transition has been delayed, but don’t you delay.

Digital television is available now. If you watch over-the-air television today, you should be able to receive all or most of your local stations’ digital signals if you have a DTV receiver, including multicast programming. Be sure to run the “scan” function on your converter box or digital TV frequently to make sure you pick up any stations that change their broadcast channel, either when they make the transition early or after June 12.

There still is a waiting list for converter box coupons, but if you haven’t applied for one do so now by calling 1-888-388-2009 or visiting www.dtv2009.gov.

Don’t Wait Until June 12 to get DTV READY!

Commonly asked questions

Q I set up my DTV converter box but my signal keeps breaking up and I can’t get some of my favorite stations, why is that?

A You may need to upgrade your antenna. DTV reception varies greatly throughout the Rochester area. Some people may get by just fine with the old rabbit ears on top of their set—or you may try moving the position of the rabbit ears to different spots in the room for better reception. If you’re using an amplified antenna and you’re near the TV towers in Brighton, try unplugging the amplifier, too. But for some, rabbit ears won’t be enough. You may need to upgrade to a better antenna. This one can be used indoors, while this one can be used either indoor or mounted on the outside of your house. If those don’t work you may have to install a rooftop antenna. There are some websites you can check out such as antennaweb.org—where you can fill in your address information and it will guide you through recommended antenna types for your area.

Q Why do I have to run the scan function?

A The actual channels that the DTV stations currently utilize are not the same channels that are used for analog broadcasting. The channels are mapped by using a Virtual Channel Map that is passed to your DTV receiver when the channels are scanned. This data provides the analog and digital channels (frequencies) as well as the data to setup the extra channels that some stations broadcast.

Q My radio currently receives the audio portion of TV channels. Will it work after June 12, 2009?

A Radios that are designed to tune the audio portion of analog TV broadcasts will not be capable of receiving the audio portion of digital TV broadcasts.

If you have a high definition set, receive cable or satellite—you are DTV ready!

If you’re ready, why not help a neighbor get ready?

Help your fellow Rochesterians with the DTV Transition. Here’s how:

1. Donate your unused DTV converter box. WXXI is acting as a clearinghouse for unwanted boxes and will get them to those in need of them. Just drop the box off to WXXI at 280 State Street in Rochester between 8 a.m. and 7 p.m. weekdays, or Saturdays 10 a.m. to 12 p.m.

2. Donate your unused DTV converter box coupons. If you have a DTV converter box coupon that you’re not using, consider donating it to WXXI, and we’ll give it to someone in need of one. You can mail the coupon to WXXI, DTV Converter Box Coupon Collection, 280 State Street, Rochester, NY 14614.

3. Share the toll-free number of our help center. If you know someone that needs help, our technicians are just a phone call away. Call 866-348-9944.
