Since 2012, the series has premiered 170 films - more than half helmed by female makers and a third credited to BIPOC makers - centering stories of the LGBTQ community, people with disabilities, the formerly incarcerated, veterans, immigrants and more.

DOC WORLD brings international documentaries from around the globe to a US audience. The films explore social concerns, cultural touchstones, political hot topics and environmental issues, revealing the commonalities and differences that peoples and cultures experience. Told with authentic voices, the series offers a unique and contemporary window into stories that surprise, inform and delight.

Culled from public television stations and independent producers from across the country, **LOCAL, USA** is a half-hour series featuring fascinating stories of diverse people, curated around a single theme.

Stories have the power to astonish us, make us laugh and cry, and open our hearts to the world. Hosted by Wes Hazard and Theresa Okokon, **STORIES FROM THE STAGE** invites storytellers from around the world to share extraordinary tales of what it means to be human.
