**Sometimes, I have to make a decision between two choices.  
I might not know which choice to make.**

One way to help me decide between two choices is to make a list of pros and cons.

To make a list of pros, I can think about the good things about each choice.

To make a list of cons, I can think of the not-so-good things about each choice.

Then I can compare the two lists and decide which of the pros and cons are most important to me.

Thinking through the pros and cons of a decision can help me decide between two choices.
